Stuff the Stockings

Each year we ensure that all residents in the facility receive a gift during the holiday season. This holiday season we will be “Stuffing the Stockings”.

Stuffing the stocking is a fun and low cost way to make sure each resident is able to receive a gift during our holiday party. We have designated a stocking to every resident in the facility.

Stockings may be selected to be filled for each of our residents. Stockings will be located for selection in the Activities room during normal business hours. Each stocking will contain a letter of instruction and also a list of stocking stuffer Ideas.

If you would like to assist this year with “Stuffing the Stockings” you may pick up a stocking now through December 1st, 2018.

**Stockings will be due back to the facility by
December 7th, 2018.**

We look forward to your assistance this holiday season.

Thank you & Happy Holidays,
Dee Beals, Activities Director
